Preparing to take the exam

You want your child to feel as confident as possible on the day of the exam. What can you do to help?

- Make sure your child knows the important information in this document, looks at the pictures that show what to do in the exam and tries the sample exam papers. When children know what to expect, they will feel more confident and prepared.
- Most candidates will probably prepare for their exam in English classes at school, but they can also practise at home. This can help them feel more confident. With your help, your child can find answers to their questions about the exam or think of questions to ask their teacher about the exam. You can also help them learn and perhaps give them short tests to encourage them.

In the Listening test:

- The recordings are played twice. If candidates miss something the first time they listen, there will be another chance to hear the answers.
- It isn't important how well candidates colour parts of a picture. They just need to find the right part of the picture and use the right colour.

In the Reading and Writing test:

- It will be helpful to make sure your child can write clearly.
- Answers are generally very short and words can most often be copied from a word box or from parts of the text, so candidates don't need to write complete sentences apart from the last part of Movers and Flyers.

In the Speaking test:

- Examiners are helpful and friendly. They are experienced and encouraging people. Candidates should try to relax and enjoy this part of the exam. Suggest they try to use phrases that they know for communicating, for example, 'Good morning', 'Pardon?', 'Yes please', and 'Thank you'.
- If candidates don't understand something, they can ask the examiner to repeat what they said. Use expressions such as: 'Sorry, can you say that again?'

A2 Key for Schools is at Level A2, like A2 Flyers, but it is for learners in secondary education, and it tests slightly different skills (for example, candidates need to write more in A2 Key for Schools).
